Introduction to the subject

French is designed for students who will have studied the language for at least 300 hours prior to the commencement of Unit 3.

The study of French develops students’ ability to understand and use a language which is widely learned internationally, and which is an official language of many world organisations and international events. The ability to use and understand French also provides students with a direct means of access to the rich and varied culture of francophone communities around the world.

A knowledge of French can provide students with enhanced vocational opportunities in many fields, including banking, international finance, commerce, diplomacy, translating and interpreting.

- Electronically complete answers to oral examination questions: Famille, Loisirs, Ecole, Travail
- Complete Reading and Writing sections from VCAA 2016 French Examination

Due date: Thursday, February 4th 2016
