Introduction to narrative and ideology

Read Chapters 1 and 9 in your textbook.

Think about your favourite films. What is it that appeals to you about these films. Make notes in your workbook. What have you learned about film narrative from reading chapter 9?

Begin working on the glossary documents on Google Drive. These are collaborative documents, everyone is expected to contribute, add to and edit the definitions. Please sign in to your Google account before you edit the document so I can see who writes what. Use your textbook or other media specific resources to find definitions as many of the terms are borrowed from the theatre where they have different meanings.

Search for:

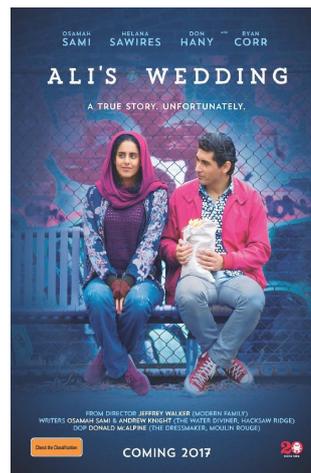

The language of Narrative and ideology 2018

https://docs.google.com/document/d/1GchW5LoaoeekD9za_XAdWerEoWlJlEbkd0JLZ4_OrZI/edit

The texts selected for study in 2018 are:

Buy and watch both films. Ali's wedding will be available on January 1 2018.

Think about why these films have been chosen and how they match the study design.

Go to the movies a lot. Think about the films you watch. Have discussions and write recommendations on our Facebook page.

Production

In Year 12 Media you can work in any media form you like:

- Video production
- Animation
- Photography
- Print production
- Radio/audio
- Convergent and hybridised media forms

During the holidays take time to explore the possibilities for your media production. Think about ideas, approaches, your skills and possibilities and limitations of your ideas. Consume heaps of media to get inspiration.

Start a collection of your ideas, influences, things you like and don't like in the media. Use clippings, shots from films, examples of lighting, typography, colours and effects that you like. Collect from everywhere and anywhere. Sketch, brainstorm, record your ideas.

If you want to go further feel free to start planning your production. Use your textbook (chapters 2, 11 and 12) and Lessonbucket to help. <http://lessonbucket.com/production/>

Enjoy playing with media technology and developing your skills. Do some tutorials to expand the possibilities of what you can do and make mini productions to practise your skills. The school has subscribed to Lynda.com, a huge source of tutorials and videos about media production. Record your learning in your workbook. Here is a temporary username and password that will get you through the holidays:

Go to the Swinburne website <http://sssc.vic.edu.au/>

Click the **Lynda** link. Click **Log in through your organisation or school**, type **sssc.vic.edu.au**
The log in credentials are:

Username: **student**

Password: **password**

Social media

Facebook: Use our Facebook group page to share any ideas, resources or post comments about the films or production ideas. Find it and ask to join: **2016 Swinburne Senior Secondary College Year 12 Media**

Google: You will need a Google account. Please ensure that your username identifies you as who you are.

Pinterest: There are a number of Pinterest pages for each topic, links to them on the FB page or search <http://www.pinterest.com/joflack/>

Enjoy your hols,

Ed
