This was evidence by: <ul> <li>The calm and orderly learning environment, and the culture of inclusivity, which was evident during review fieldwork, including observations and focus groups with students.</li> <li>On enrolment, and throughout students' initial transition to the College, a range of processes was in place to ensure students were supported with a comprehensive induction.</li> <li>A range of wellbeing supports was available and the Panel found that it was widely accessed and valued.</li> <li>Strong relationships between teachers and students.</li> <li>Mentor groups were a feature of the school calendar and were noted particularly by the Year 11 students as supporting them to transition to the College quickly, and for them to achieve their best academically.</li> </ul> </li> </ul> |

|                                  | <ul> <li>Wholistic approach to supporting student learning</li> <li>The Panel found that a key school highlight was a wholistic approach to supporting student learning, evidenced by:</li> <li>Student focus groups, where students articulated that the College was supporting them both academically as well as supporting them emotionally, where required. This was a consensus articulated at both focus groups with students from Year 11 and Year 12.</li> <li>Classroom observations illustrated that there was an academic focus during lessons, with students explaining during fieldwork discussions that disruption and distractions to learning were not tolerated.</li> <li>Students were observed studying independently and in groups in break-out spaces and in the school library during the review fieldwork.</li> <li>Visible displays at the College promoted inclusivity and identified where supports were available and how they could be accessed.</li> </ul> |

| Actions   | Further develop Action Research Teams (ART) with each formed in response to analysis and reflection of relevant student achievement, engagement and wellbeing data. In 2019 each team will focus on a High Impact Teaching Strategy (HITS): Multiple Exposures, Questioning, Metacognitive Strategies and Differentiation. Teams will be established through staff consensus and each teacher will belong to a team of their choice. A schedule of classroom observations in Terms Two and Three between teachers within each of the Action Research Teams will be followed. This, in conjunction with observations made by Learning Specialists and PDP |

|--------------------|---|
|                    | Each ART group will present to the whole staff during the end of year professional learning season with an aim to follow up these projects in 2020. Research from the 2019 teams can inform the future development and implementation of ART groups.  |

| Actions  | Teachers will explore DET's Pedagogical Model through a series of workshops during Semester Two, with a focus during the professional learning season in Term Four. Each of the four PL days, with a specific focus on each HITS, will also link to the domains from the Pedagogical Model relevant to that particular HITS. Resources will be developed to support teachers to implement consistent teaching strategies, based on HITS, across Year 11 and 12. Through these workshops, individual teachers and teams will further develop their skills to critically evaluate their practice in a culture of trust and with a strong sense of collective efficacy - a belief that teachers are jointly responsible for ensuring the success of all students. Classroom observations will incorporate feedback regarding the use of the Pedagogical Model against the respective Continua of Practice to establish individual benchmarks. Individual staff PDP reviews will also contribute to the feedback process. |   |                          |                                  |            |

|          | Using a case management approach (such as support meetings, enrolment interviews, Meet the Mentor, etc.), teachers and leaders will consult with parents/carers and students to develop guidelines and expectations around learning and work habits to plan support for individual needs.   |
|          | Promote extension opportunities in the broader community and celebrate success through performance nights and showcase concerts (e.g. Variety show, Celebration Day assembly, music nights, school play, drama nights etc.), inter-school competitions (e.g. debating, public speaking competitions, MUNA) and other student opportunities. Publicise these through social media, school publications (newsletter, magazine), staff briefings and assemblies.   |
|          | Through focus groups in the Mentor program, strategies are sought and developed to support students, parents/carers and the broader community to maintain a safe, respectful and inclusive learning environment that values diversity.  |
|          | Student voice is amplified in the classroom through the SRC and Mentor-session focus groups, supported by the Student Voice Manager, including exploring student-led teach-the-teacher activities where students are empowered to share their learning experiences and needs directly with teachers.
