

December 2022

Dear Parents/Guardians

Parent Payment Policy 2023

Swinburne Senior Secondary College would like to advise you of the voluntary financial contributions for 2023. Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Swinburne Senior Secondary College Council is extremely proud of the programs and modern facilities that it can offer. This is only possible with the financial support of past and present families. We rely on your contributions to fund the specialist programs and facilities. We are very appreciative of the generosity of parents who can support the College through these payments.

Parent contributions support Swinburne Senior Secondary College in providing a curriculum that is relevant, challenging, and comprehensive.

Students enjoy first class facilities that provide an exceptional young adult learning environment, enabling students to focus their learning on their values, attitudes, and needs. The College has been identified by the Victorian Qualification Authority as a centre for excellence in the Arts and the exemplary learning spaces in the visual and performing arts and in design and technology are powerful inducements to prospective students.

Swinburne is large enough to offer a broad range of programs, yet also of a size where individual needs can be accommodated, and the welfare of students can be ensured. The College offers a comprehensive mentor program, which provides support and guidance to all students and our Careers and Pathways Adviser provides programs to assist students in setting and achieving goals for learning and employment.

The Department of Education and Training provides funding that only covers the basic curriculum. To provide the facilities and programs as mentioned above and a framework that continuously improves student learning and outcomes, the College requires your financial support. The allocation of funds is in line with the Department of Education and Training guidelines.

The College Fund forms an integral part of budgetary requirements of the College ensuring the provision of careers' resources, mentoring programs, library resources, extra-curricular activities and events, College buses, Breakfast Club, Compass (school management platform), and ICT support/technology that enhance and support learning outcomes for all students.

Financial support for the Library and Building Funds (both of which are tax deductible) enable the upgrade and maintenance of buildings and grounds and library resources.

In 2023, contributions will be put towards the refurbishment classrooms and the Library and new carpet. The College is very appreciative of all contributions, and we thank you for your generosity.

Financial support for the Music Fund will go towards the purchase of musical instruments.

Payment and Policies

Swinburne Senior Secondary College school leadership team and the School Council work hard to ensure costs to families are kept as low as possible, whilst also striving to provide an education of the highest quality. There has been no increase to the suggested contributions for 2023.
